PROFILE

"A passionate and detail-oriented web developer with hands-on experience in building responsive websites and applications. Skilled in front-end technologies like HTML5, CSS, JavaScript, React.js, and Tailwind CSS, with foundational knowledge of back-end development using Node.js. Eager to contribute to team success through hard work, continuous learning, and a strong commitment to quality code."

WORK EXPERIENCE

- Commission on Elections (COMELEC)** MAY 2025
- **Hagonoy, Bulacan**
 - Certified Preparation: Completed mandatory technical training at Sitio Lucia Resort, Sta. Maria, covering the end-to-end operation of election technology.
 - On-Site Support: Deployed technical solutions for voting hardware and ensured successful transmission of results on election day.
- Bulsu Planning and Development Office** FEBRUARY 2025 - MAY 2025
Web Developer (**Intern**)
 - Designed and built responsive web interfaces using HTML5 and CSS
 - Developed interactive features with JavaScript and React.js
 - Styled components using Tailwind CSS for consistent UI design
 - Assisted with basic back-end tasks using Node.js
 - Collaborated with developers to test and improve front-end functionality
 - Gained practical experience in both front-end and back-end development
